

OverDrive

eAudiobooks for Mac

YOU WILL NEED

- Macintosh Computer OS 10.4.9 or newer
- Internet connection
- Bloomfield Township Public Library card
- Free OverDrive Media Console for Mac software
- iTunes v7.2.6.9 or newer
- iPod or MP3 player for transfer, if desired

WORKS WITH

- MP3 eAudiobooks

SETUP

- Install OverDrive Media Console (OMC) software on your Mac from omc.overdrive.com.

BROWSE

- In your web browser, go to www.btpl.org>Downloads on your Mac.
- Click *OverDrive eAudiobooks* to enter the *MetroNet* site.
- Sign in with library card number before searching.
- Explore *Menu* and *Search* options.

CHECKOUT

- Click an audiobook cover to select a title.
- Click *Borrow*.
- Click *Download (MP3 Audiobook)*.
- OMC software opens to complete the download. **Follow** the prompts.
- Your audiobook downloads in hour-long parts.
- When the download is complete, **plug in** your iPod or MP3 if you wish to transfer.
- With the title still highlighted, **click Transfer**.
- MP3 audiobooks usually transfer to your player's *Albums* folder.
- For transfer to other MP3 players, see help.overdrive.com.

For video and illustrated guides:

- help.overdrive.com: *How to transfer MP3 audiobooks to an iPhone, iPad, or iPod using OverDrive Media Console for Mac.*
